

One Hyde Park, London

Product: CeraLine shower channel

Project: One Hyde Park

Location: London, United Kingdom

Architect: Rogers Stirk Harbour + Partners, London

Year: 2011

One Hyde Park is one of the most exclusive addresses in London. This residential complex in the western part of the British capital houses 86 luxury apartments with a price-tag of up to £140 million . Naturally, the bathrooms equally offer the highest degree of individuality and exclusivity: Dallmer supplied its award-winning CeraLine linear drainage for the level-access showers - as customised special editions in non-standard lengths of pinpoint accuracy.
