

Clarges Mayfair, London

Product: Shower channel CeraLine F

Project: Clarges Mayfair

Location: London, United Kingdom

Architecture: John Robertson Architects

Year: 2017

Clarges Mayfair, the super prime development of 34 luxury residences with stunning views over Green Park and Buckingham Palace, have been fitted to the highest specification.

The quality of the design and services of this prestigious landmark project are setting new international benchmarks for residential schemes. The residences within Clarges Mayfair have been installed with CeraLine shower channels in sizes from 500 mm to 900 mm.
