

„Haussicht“ concept house from Baufritz

Product: Shower Channel CeraWall Individual Duo

Project: Concept house „Haussicht“ from
Baufritz

Location: Erkheim, Germany

Designer: Alfredo Häberli

Year: 2016

„The best shower is the one in the great outdoors. That was my inspiration when designing the bathroom.

In order to create the feeling of space, of a vista, I focussed on specific materials – marble with a smattering of wood – and allowed the functional details to fade into the background. My aim was for the overall design to be as seamless as possible.“

Alfredo Häberli
